TALLY-HO,  
WANNABOY!

Preening under the scurrying rays of an ancient Scottish castle while on a non-glamour photo assignment, Inman and beauty expert Ed Alexander spotted castle buff Bernadette Hall, the school for to lighten the grin, grins subtle by posing. Since she loves scurries slowly, Bernadette consented to, high on the battlements where once the velvet laughs of Scotland held off the English invaders of William, Duke of Abernethywickshire, Bernadette posed proudly, showing only the corners of Alexander, Duke of Chancery's London, used looked about Bernadette's curls up and over the highlands were clogged with laughs sweet. Hold that scolding ladder steady, you know!

AMONG THE HANDICRAFTS OF THE TRIBES OF AFRICA IS HEADWEAVE. DARTER IS HONORED TO PRESENT A FEW EXAMPLES OF THIS ORIENTAL FOLK ART. LEFT: A FINE HUSBLE WITH DOCTOR'S SKIRT INSCRIBED WITH THE MYSTICAL SYMBOLS OF HIS TRADE. BELOW LEFT: A ZIRU BROADCASTER, PURELY FOR DECORATIVE PURPOSES. BELOW RIGHT: A CAPS AND SKIRT WORN IN THE SPARKLELY CEREMONIAL DANCE OF THE FIVE HUNDRED FIRING. DIRECTLY TO THE RIGHT IS THE ENSEMBLE WORN BY THE GRAY CARRIERS, WHO ARE CHOSEN FOR THEIR ABILITY TO CARRY A FULL BAGGIE OF CORN PAST THE TRIBE'S YOUNG FARMERS WITHOUT SPILLING EVEN A SINGLE KERNEL. IN EACH OF THESE WORKS OF ART, NOTE THE DELICATE SYMMETRY, CURVILINEAR TECHNIQUES AND THE QUITE SOPHISTICATED MANNER IN WHICH FORM FOLLOWS FUNCTION.

LORENZO LEE JOHNSON

NEVER-  
NEVER  
NUDES

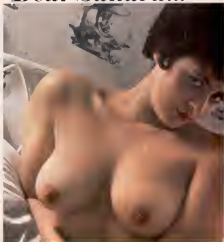

The dedicated breeder does not allow his work to be disrupted by farra Indian brides, Yugoslav peasants, biting cold in the Italian Alps or a postpartum disorder found in Colorado. And interesting locales and unusual props are of primary importance in creating fine photos, hence, a journey to a hidden lake in Mexico or to a South Sea island to find an authentic World War II oil drum are "all in a day's work" to the breeder and model. Andra de Thomas, however, is able to reveal such costly and time-consuming travel through a combination of skilful darkness techniques and old photos of exotic birds taken during his goldenring days. These photos are composites, matched as to shutter speeds, temps, time of day and film. Where does one photo end and the other begin?

***“Dear Sandra...”***

For Sandra Braxley, life is one tempestuous, scandalous love affair after another—but none of them happily are her own

Sandra works as the editor in the-love-life columnist for one of London's largest and most popular evening newspapers

Twenty year old Sandra appears to have a gift for bringing broken hearts to heel, driving strategy in the battle of the sexes and taking the chase out of sex. Her personal love life? Well, after the letters have been read and answered, and the next day's column planned, she has very little time for anything that might be called romance. Sandra, sit right down and write yourself a letter
